

When we were considering venues for our wedding, we knew we wanted somewhere a bit different, not just the formality of the registrars office. It was important to us to be in friendly, comfortable surroundings. We approached Lesley at St Andrews primarily because it's Jerry's club & were thrilled when they agreed.

Being the first couple to be married at St Andrews was quite daunting for all of us - the club included! We were all expecting a few hiccups along the way, as we were all new to this. However, the help, care & attention that the club, especially Lesley, provided was amazing. No detail was overlooked, no problem too big or small to deal with.

The transformation of the conservatory - where we had our ceremony - was absolutely breathtaking, it was hard to believe it was the golf club! So comfortable & elegant, it was truly beautiful.

As we were having the whole event there, after the ceremony we left the conservatory to do our photos in the lovely grounds of the club whilst Lesley transformed the room ready for our meal. Despite having quite a large wedding party, the seating was intimate yet spacious.

The meal supplied by the in-house caterers, Gerard & Wendy was magnificent. Exactly what we wanted. We gave them an outline of what we would like & they absolutely outdid themselves. Their take on our menu was inspired, the food itself was wonderful.

Again, the room transformed into a dance area for the evening. All this happened very discreetly & beautifully. We enjoyed a fabulous evening of dance, again provided by the club.

We'd heartily recommend St Andrews & its team as a venue for your wedding - or any other event for that matter. You'll not find a more caring, considerate team of people.

As our guests have kept saying since, "Can we do it all again!"

With our love, gratitude & thanks,

Michelle & Jerry
